#### UNITED STATES DISTRICT COURT EASTERN DISTRICT OF MICHIGAN SOUTHERN DIVISION

JAN 5 - 2006

CLERK'S OFFICE U.S. DISTRICT COURT EASTERN MICHIGAN

HOCHSTEIN, et al,

Plaintiff,

CASE NO. 04-73071

v.

PAUL D. BORMAN UNITED STATES DISTRICT JUDGE

MICROSOFT CORP., and SONY COMPUTER ENTERTAINMENT AMERICA, INC.,

#### ORDER

The Court is considering the appointment of Mr. John A. Artz, Artz & Artz, P.C., 28333 Telegraph Road, Suite 250, Southfield, MI 48034, as a technical advisor to the court. *Techsearch, L.L.C. v. Intel Corporation*, 286 F.3d 1360 (Fed. Cir. 2002); *Reilly v. United States*, 863 F.2d 149 (1st Cir. 1988). A copy of his résumé is attached. The court finds that this case is an exceptional one under the standards set forth in the Federal Circuit's *Techsearch* decision. By this order, the court endeavors to provide a fair and open procedure to the parties for the selection of a technical advisor. The court is familiar with Mr. Artz and his qualifications. The court is satisfied that his appointment pursuant to the terms of this order would adequately safeguard the judicial process and proposes his appointment to the parties.

To assist the court, Mr. Artz would examine the patents in suit, the pertinent briefs, and any evidence submitted in the claim construction process with an eye toward tutoring the court in

the technology involved in the patents and to act as a sounding board for the court. This will enable the court to place the legal questions of claim construction in context given the technology at issue. Moreover, the court may call upon Mr. Artz expertise in the technology at issue should discrete issues arise before or after the claim construction process. The technical advisor's role would be limited to assisting the court in understanding the technological aspects of this dispute. Mr. Artz has determined that no conflicts of interest would preclude his acceptance of this appointment. The court will permit either party to lodge any objections to this appointment within seven (7) days from the date of this order. Such objections may be filed under seal and in camera.

SO ORDERED.

DATED: January 5, 2006

JUDGE PAUL D. BORMAN UNITED STATES DISTRICT JUDGE
